

Gender Diversity in Heavy Metal Assignment

In no more than **2 pages, double spaced**, answer the following questions:

1. Listen to the playlist titled [Gender diversity in heavy metal](#). Are there common themes or elements in the music of these female metal artists? In what ways do the songs contrast with one another?
2. Read the book chapter titled All Vocals, Few Chords: Gender Differences in Instrumentation. *Using your own words*, explain the difference between horizontal sex segregation and vertical sex segregation, and give an example of each from the text. Which statistic (or general data trend) did you find most striking and why?
